I did not send the correspondence that the requester and I have exchanged because I assume that he is in possession of those emails already and he did not explicitly request those (the requester's email inquiries are the bulk of the Lake Conestee messages). Everything else that I just forwarded constitutes the correspondence internally and with other state agencies about the site.

Did you know you can highlight all the emails that you want to send me and then right click on them and it will convert all of them to a PDA this maybe be the easiest way to do this.

Thank You!

What would be the easiest for you. Do you want to convert them into a pdf. and send them to me

forward the email to me or have Ron put them into SEMS and I can get them from there.

Thank You!

Hey Lawana,

All of the materials in SEMS for this site encompass what the requester is looking for.

Now for the email correspondence: I have messages from the State agency and with the requester that date all the way back to 2019. How should I send those over?
